October 22, 2013

Dear Representative,

I am a survivor of an automobile accident. I don't remember much of what happened. I just remember crossing the street and being hit by a car. It was a hit and run accident. I have been receiving treatment services since then. If you were to get rid of Auto No Fault there would be no group homes and I'd be living on the street. I wouldn't be able to get my medications or be able to see the doctors when needed because I wouldn't have the money to pay for them. Auto No Fault is needed in Michigan to help insure the safety of drivers, passengers and pedestrians. Please say NO to the proposed auto no fault reform!

Sincerely,

Richard Morris
